"I'm only a cat, and I stay in my place... Up there on your chair, on your bed or your face!

I'm only a cat, and I don't finick much... I'm happy with cream and anchovies and such!

I'm only a cat, and we'll get along fine... As long as you know I'm not yours... you're all mine!"

M^CMASTER AND HEAP VETERINARY PRACTICE

WELCOME TO OUR CATTERY

We are a new cattery with 23 suites for 1-2 cats and 3 larger suites for families of 2-4 cats. We are located in a new purpose built building above our established Veterinary practice.

A vet is available 7 days a week to deal with any medical problems that may arise during your pets stay.

Our cattery suites are roomy and designed vertically so that your cat may enjoy jumping and climbing up to look out of their very own window.

They are warm, cosy, light and well ventilated. We provide hidey-hole beds with baskets and bedding to keep them comfortable during their visit.

When you bring your cat to be admitted, we will ask you to attend a brief no cost consultation with one of our veterinary nurses. During this meeting we will give your pet a short health check-up, check their vaccination records and apply a flea treatment. If you have your own flea treatment at home (Advantage, Revolution, Broadline, Bravecto or Frontline only) please feel free to bring it with you for us to apply at this time.

While your pet is with us for their vacation we are more than happy to perform other services such as a dental scale and polish, grooming, blood or urine testing, nail clipping or anything else your pet so desires.

WHAT DO WE FEED?

We serve meals of Hills Science Diet Feline original biscuits twice daily, which is appropriate to their life-stage. Kittens will be fed the kitten variety and older cats will get senior biscuits. If your cat is fussy to start with, wet food options will be tried and tested.

If your cat has any particular prescription dietary requirements, or would just prefer an alternative, please bring food with you to last for the duration of the stay.
